NO MORE "SOLID SOUTH."

The disintegration of the "Solid South," as a political power, has commenced. We shall hear little more of it hereafter. The failure of the united Southern Democracy, in the campaign which has just ended, is final and complete. The boast of its leading men that the Southern States would give their solid electoral votes to the Democratic candidate for the Presidency was a challenge to the North. A CLOSE SHAVE.

If the Democrats had carried New York their electoral votes would have been as follows: New Jersey 9 Nevada.....

The number of electoral votes nec essary to elect is 185. See what narrow escape for the Republican party! And New York State was carried for the Republicans through the failure of the Democrats to get City, and in Brooklyn.

The whole country has had a nar row escape from a perilous situation. There would have been worse danger than in 1876, had the figures again stood 184 to 185. A change of one per cent, in the vote of New York State would have given the State to Hancock.

We observe that the Sacramento Bee, in calling attention to the possibilities above stated, urges the press tional amendment doing away with the Electoral College, and allowing the people to vote directly for President and Vice-President. The Electoral College is a cumbersome and useless piece of political machinery. It was originally intended to be a de liberative body, deciding the choice of a President. But as in point of fact the people themselves choose their President they have no use for an Electoral College. One evil of the institution is that it tends to perpetuate sectionalism. The President is now elected by States. Let us fling the Electoral College into the political hell-box and have the President chosen directly by the people of the whole Nation. It is every way fairer, safer and better.

THE STATE PRINTERSHIP.

.The Enterprise yesterday violently ttacked State Treasurer Crockett and Secretary of State Babcock for appointing John W. Maddrill of the Reno Journal to the office of State Printer, alleging that the appointment has been given to an incompetent man. The Enterprise gives rather a funny reason for this action of Babcock's. It was done, the Enterprise says, "because as he stated to the writer, he was afraid of the Senator whose friend is the appointee." This Senator is, of course, none other than the truculent Mr. Powning.

Our esteemed Comstock contem porary goes on to state that "Crockett, Treasurer, is also a friend of the Washoe Senator, who is the patron, employer and probable partner of the new State Printer. The Senator, who mixed up disreputably in the failure of the Rene Savings Bank." It also "hopes the next Legislature will in vestigate this last, worst and crookedest job of the State Treasurer, Controller and Secretary of State."

To this savage onslaught, Senator Pewning, in the columns of the Journal this morning, made the following modest reply:

The Republican party has well nigh accomplished the noble work which called it into being. New issues have gradually grown up since the war, which have not yet found recognition in any National party. We look for the birth of a new party within the next four years; a party which shall embrace the best men of the two great political divisions; a party of reform. EDITORIAL NOTES,

"Mr. Sharon's fight in Washoe was entrusted, apparently, to green hands, and the result was an ignominious rout. A few days ago "Maggie," the pride and pet of all who know her, was wanted for service in the team, was driven into the corral, haltered and given her allowance of ground barley preparatory to hard work. Her darling colt was left in a separate corral to be weaned, in spite of his frequent protests of "neigh! neigh!" while the distracted Maggie kept "blowing her horn" for the youngster to "come to

But the separation of the two, during half a day, disclosed the fact which before had been merely conjectural, that the mule furnished a liberal supply of milk which the colt drew in the usual way, and with an evident appetite after a six hours' fast. Further time in the process of weaning made it necessary to relieve the mule of the accumulated lacteal secretions by the ordinary process of milking, to prevent serious consequences resulting from her feverish and distended udder. It is said by those who assume to know, that the mother of the colt died while it was quite young, but it is certain, beyond question, as many witnesses can testify, that the orphaned equine waif could not have been adopted by a more devoted, affec-tionate and competent foster-mother

The "Courier-Journal's" View.

Louisville, Nov. 4. The Courier-Journal considers the result the defeat of the Democratic politicians. The abandonment of Tilden followed the revolt of Kelly. The obduracy of Hendricks, the nomination of Landers, the ruling of the Indiana Supreme Court against the decision of the people, and the nomination of English, begun on the low plane of besmirching General Garfield, fell flat. The Greenback coalition rottenness was a confession of weakness. English refused to come down with the stamps, and so was a disappointment. As party divisions now stand, the Republicans can elect any ticket they nominate, and Grant break up of the South, which can no a break of the solid North.

San Francisco Grand Jury Report The

SAN FRANCISCO, NOV. 5. The Grand Jury filed a report toescape of prisoners. A citation has also been issued commanding Mayor Kalloch to show cause why he should not be punished for contempt in attacking the Grand Jury in a prelude to his sermon last Sunday evening. The report attacks a number of county officials and institutions, and praires received nearly the same vote, Bell officials and institutions, and praires coming in two ahead of Marker. The others. It's noticeable that the unfavorable comments are confined to officers elected by Workingmen.

In the counties east of the mountains the Democratic majority is not likely to be over 700, and will not exceed 800 at most. Allowing for all possible errors in the estimates for parts of counties not yet reported, the Republican majority cannot fall below 300 Most of these figures are based on actual returns. The State is sure for the Republicans, though by a majority less than was expected.

The Republicans elect Assemblymen and Supervisors by a fair majority Long, Weir and Patterson, Republicans, are elected to the Assembly.

They are the Best 1 Town,

If you go to the right place to get them. This is a mighty important point, tor some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this State. Everything we have is new. No old, musty and out-of date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost an I even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a proft on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of decieving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of our specialties. Orders from the country promptly attended to. Look out for the White Building with the Gold Sign.
